State of New Jersey

Due to the longevity and broken shambles of the U.S Government in existence I worked in the Governor Chris Christie's reNew Jersey Stronger, Hurricane Sandy grant program in 2013. This grant program titled the Reconstruction, Rehabilitation, Elevation and Mitigation "RREM" and other grant programs tied to this were all organized crime with foreign and domestic terrorism to harm the Hurricane Sandy victims greater by utilizing employees to commit the crimes. My complaint was addressed to President Obama and U.S. Military General Raymond Odierno besides Governor Chris Christie and all employees that worked with me at the Lakewood, New Jersey office.

As an employee Whistleblower of this grant program on 11/11/13, I allege the following individuals, Government agencies, Military Contractors and corporations are involved with this corruption. I felt it imperative after the Grant Award contract was viewed it had the Sandy victims sign their rights away to their homes and lives to the State and New Jersey and their Department of Community Affairs. The whole program was chaos and some individuals and operations were tied to Hurricane Katrina and Rita programs.

1st Amendment complaint filed against Asbury Park Press owned by Gannett and their cover-up of the grant award though they did bring in more coverage of the harm to Sandy victims, many local media cover-ups about Governor Chris Christie's greater crimes and his own election fraud in 2013. BridgeGate a distraction overall compared to the heinous crimes Governor Chris Christie has perpetrated.

In another grant program disclosed on the www.renewjerseystronger.com titled the Sandy Homebuyer Program it tied into the New Jersey Mortgage Division there was no reference on the website but this grant was sponsored by Faith Fellowship Church which violates the division of church and state.

Similar grant programs were set-up for Hurricane Sandy under crooked Governor Andrew Cuomo and the New York Mayor, etc. All these disaster programs are major terrorism and are continuations to steal land in this nation's greatest fraudulent landgrabs by crooked treasonous government employees, the banks and the Federal Reserve/IMF.

INJUSTICE REIGNS!
